REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claims of the instant application, 1-44, are deemed to be directed to a non-obvious improvement over the invention patented in US Pat. No. 6,542,933. The aforementioned claims comprise an additional component. More specifically a URL-Assembly server, where the URL-template is obtained, completed, and cached, is added making the system increasingly modular and allowing for standardization of units, easy of assembly and repair, and an overall flexibility.
2. A properly and timely filed terminal disclaimer has been acknowledged and accepted.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
